1954 PRICE LIST

CARROUSEL

Pat. 1066

LARGE HYBRID FLORIBUNDA

The International Test Garden of Portland, Oregon selected CARROUSEL for their Silver Award—the American Rose Society gave it a 9.2 rating. The plant grows tall and is magnificent as an ever-blooming background or hedge. The dark red velvety petals show no tendency to blue and are produced in great abundance on long cutting stems. Foliage is mildew resistant. See Page 6 for price and place your order early for CARROUSEL and other everblooming Floribundas.

NEBRASKA

Nebraska Nurseries Specimen Evergreens

ARBOR VITAE

HILL'S PYRAMIDAL. Rapid growing tall narrow trees with lacy dark green foliage.

2½-3 feet\$6.50

WARE'S GLOBE. Maintains a natural globe shape without trimming. Lacy dark green foliage.

18-24 inch\$7.00

FIR

CONCOLOR, Pyramidal. A new grafted concolor with bright silvery-green foliage.

5-6 feet\$25.00

DOUGLAS. The fastest and largest growing pyramid evergreen. Foliage is a good deep green and disease-resistant.

2-2½ feet.....\$8.25 2½-3 feet.....\$ 9.50

3-3½ feet10.50

JUNIPERS

ANDORRA. See illustrated folder. A trailing beauty of superb coloring. Low spreading branches, covered with finely cut foliage. Bright silvery green color during the summer, turning to mauve-pink during the winter.

12-15 inch\$3.50 15-18 inch\$4.50

CANAERT. See illustrated folder. An outstanding grafted variety of Virginia Juniper with dark green whip cord foliage and attractive bluish fruit. It requires trimming to produce and maintain a formal shape.

2½-3 feet\$9.00

DUNDEE. Another upright-growing grafted variety of Virginia Juniper which, with a minimum of shearing, can be kept a compact, symmetrical pyramid of moderate size. Its summer color is silver green and its winter color is an attractive plum purple.

2 -2½ feet.....\$ 6.50 4 -4½ feet.....\$11.50

2½-3 feet..... 8.00 4½-5 feet..... 13.00

HETZI. A spreading type of evergreen resembling Juniper Pfitzer in habit of growth with silver-green foliage. Grows quite rapidly, stands shearing well, and makes up into a splendid compact evergreen. Often called Silver Pfitzer.

15-18 inch.....\$5.00 18 to 24 inch.....\$6.00

HETZI GLOBE. Same as above except the tree has been trimmed to a globe shape.

2½-3 feet\$11.00

HILLBUSH. Natural habit of growth similar to Juniper Savin or can be developed into a perfect ball shape. The foliage is remarkably robust and healthy looking, a fine deep rich green color.

15-18 inch.....\$6.00 18-24 inch.....\$7.50

IS YOUR DOORWAY INVITING?

The landscaping near your doorway is important. It receives close inspection from each person who enters your home. Let us help you select materials that will stay neat and attractive.

HORIZONTALIS. Long, trailing stems with upright spreading branches and dark blue green foliage. Grows rapidly and makes a very pleasing effect when planted on terraces.

12-15 inch\$3.25 15-18 inch\$4.50

MEYER. The outstanding characteristics of this ever-green are its irregular habit of growth and unusual color. The leaves are plump, pointed and prickly, and of bright shining blue color.

15-18 inch.....\$6.00 18-24 inch.....\$7.00

MOFFETT. An attractive grafted type of the Colorado Silver, with mixed green and silver foliage. Can be grown without shearing. See illustration of Grafted Silver Juniper.

2½-3 feet.....\$8.00 3-3½ feet.....\$9.00

PFITZER. The most important low spreading ever-green ever grown. It will stand considerable shade and crowding, which makes it a great favorite for foundation planting, borders and in front of larger evergreens. Color stays a deep blue-green all year. See illustrated folder.

SHEARED COMPACT SPECIMENS

12-15 inch\$4.00	2 -2½ feet\$ 8.00
15-18 inch 5.00	2½-3 feet 10.00
18-24 inch 6.00	3 -3½ feet 12.00

For lighter grade see Page 5.

PFITZER GOLDEN. An exquisite yellow form of the widely known Pfitzer Juniper. The foliage comes out a clear canary yellow interspersed with green.

15-18 inch.....\$5.00 18-24 inch.....\$6.00

SAVIN. The old familiar, low, many-branched shrub. Well covered with short, tufted, dark green foliage. Likes sunny location better than shade.

15-18 inch.....\$4.00 18-24 inch.....\$5.00

VIRGINIA GLAUCA. Its most distinctive feature is the silvery blue color, which is almost blue-white in the spring, darkening somewhat as the season progresses.

3 -3½ feet\$10.00	4 -4½ feet\$12.50
3½-4 feet 11.00	4½-5 feet 14.00

VON EHROH. An extremely rapid growing dark green variation of the Savin Juniper. Makes an excellent trimmed boxed evergreen hedge.

12-15 inch.....\$4.00 15-18 inch.....\$5.00
2-2½ feet\$8.00

VON EHROH GLOBE. Same as above except the tree has been trimmed to a globe shape.

15-18 inch\$6.00

WELCH'S. A grafted columnar type of scopulorum that retains its pyramidal habit of growth without shearing. Foliage is bright silver green.

2-2½ feet.....\$6.50 2½-3 feet.....\$8.00

PLANTING SERVICE

Prices in this list do not include planting. For quotations on planting service and landscape estimates phone 2-5454.

Nebraska Nurseries

SPECIMEN PINES

AUSTRIAN. Spreading branches with long dark green needles. Splendid tree for ornamental planting either in the background or as a choice specimen on the lawn.

18-24 inch.....	\$5.00	2-2½ feet.....	\$6.00
2½-3 feet			7.00

MUGHO. Very hardy, spreading dwarf compact Pine. Fine for foundation plantings or used in front of larger growing evergreens.

15-18 inch.....	\$6.00	18-24 inch.....	\$7.50
2-2½ feet			9.00

PONDEROSA. Invaluable for solid backgrounds or enormous, spreading specimens on the lawn. Needles are longer than on any other Pine, extraordinarily thick, and of a rich deep green.

18-24 inch.....	\$5.00	2-2½ feet	\$6.00
-----------------	--------	-----------------	--------

SCOTCH. There is always something decorative about the Scotch Pine. When young it is a stocky, bushy, rounded tree, densely covered with blue-green needles of medium length. In older, mature trees it has a delightful irregularity of outline that is so picturesque on the landscape.

18-24 inch.....	\$5.00	2½-3 feet.....	\$7.00
2-2½ feet	6.00	3 -3½ feet.....	9.00

WHITE. Noted for its soft, light silvery green needles, and its graceful, majestic stature. It is extremely rapid in growth, hardy and dependable. Very distinctive in lawn groups or backgrounds. See illustrated folder. Sold out for 1954.

SPRUCE

BLACK HILL. A compact little beauty, its thick foliage of dark green interspersed with blue tints. See illustrated folder.

12-18 inch.....	\$4.00	2½-3 feet.....	\$ 8.00
18-24 inch.....	5.50	3 -3½ feet.....	9.50
2-2½ feet	6.50	3½-4 feet.....	11.00
4-4½ feet			13.50

BLACK HILL GLOBE. Same as above except the tree has been trimmed to a globe shape.

18-24 inch	\$8.00	2-2½ feet	\$10.00
------------------	--------	-----------------	---------

COLORADO MEDIUM BLUE. Like many highly colored Evergreens this greenish blue color is a bloom or sheen—a sort of powdery substance on the outside of the needles; therefore, it is most pronounced after the new growth appears.

18 -24 inch.....	\$8.00	2½-3 feet	\$11.00
2 - 2½ feet	9.00	3 -3½ feet	14.50

MOERHEIM. Again available—the aristocrat of all evergreens, grafted Moerheim Blue Spruce. The bright steel-blue needles are longer than those of the Colorado Blue. See illustrated folder.

12-15 inch	\$10.00	15-18 inch	\$12.00
18-24 inch			15.00

THE JAPANESE YEW

Yews will grow luxuriantly on the north side of buildings and under the shade of other trees, maintaining their waxy, deep blackish green color.

HICKS YEW (*Taxus media hicksi*). A columnar type yew.

18-24 inch.....	\$11.00	2-2½ feet.....	\$15.00
-----------------	---------	----------------	---------

SPREADING YEW (*Taxus cuspidata*).

12-15 inch	\$8.00	15-18 inch	\$10.00
18-24 inch			13.50

FOUNDATION PLANTING

For the low modern home, simplicity of arrangement and selection of materials that will remain low with annual trimming are essential for good results. Let our experienced landscape men help you . . . call today for your appointment—2-5454.

YOUNG ARISTOCRATS

ROOTS WRAPPED IN MOSS

Save money by buying nice young trees and growing them into specimens yourself. These trees can be moved successfully bare-root, without a ball of earth. They have been transplanted twice and will grow into valuable trees very rapidly. For descriptions of varieties see the preceding pages. See planting instructions for Bare-Root Evergreens on this page.

------------------	--------

Plant Bare Root Trees Immediately

Have your ground ready by the time your trees arrive. Do not expose the roots to the air. After unpacking the shipment, put the roots into a tub of water or thin mud and soak them for about one hour. Take out one tree at a time from the tub; then holding the tree in place with one hand, fill the hole about three-fourths full with soil, packing firmly. Water thoroughly, and when it has soaked in fill up the remainder of the hole. Top dress with well rotted barn-yard manure or pulverized sheep manure. DO NOT use Chemical Plant Food on newly planted nursery stock.

Nebraska Nurseries

CLIMBING ROSES

BLAZE. Semi-double brilliant scarlet	\$1.50
GOLD RUSH. Molten-gold—a lively, everbloom- ing deep yellow climber.....	\$1.75
NEW DAWN. Everblooming flesh pink	\$1.75

 fall. Semi-double fragrant pure white
 blooms. Excellent in shrub border.....\$1.75

ROSE DUST AND SPRAYS

NAN, Dusting and Wettable
 Recommended by the University of
 Nebraska, College of Agriculture.

ORTHO ROSE DUST—with Lindane.

TRI-GEN ROSE SPRAY.

NEBRASKA NURSERIES GUARANTEE

We guarantee all our nursery stock to be in first class condition when delivered to the customer. Please advise us promptly of any damaged stock or shortages.

We guarantee our nursery stock to be true to name. We take special care in labeling. Should any prove to be untrue we agree to replace or refund the purchase price.

Nursery stock that fails to show growth by July 1, will be replaced free the following season, provided written or personal notification reaches the office by July 15, and the account is paid in full.

This guarantee does not cover damage by adverse weather conditions or neglect.

No guarantee on bulbs, seeds, annuals or potted plants that are in leaf or blooming when purchased.

The Tree You Plant

Some 100 years ago Alexander Smith wrote: "If you have once planted a tree for other than commercial purposes . . . you care more for it than you care for all the forests of Norway or America. YOU have planted it, and that is sufficient to make it peculiar amongst the trees of the world."

PLANTING and WATERING INSTRUCTIONS

1. PLANTING IMMEDIATELY—follow planting instructions, keep roots or ball of earth covered with wet burlap while digging the holes.
2. WATER THOROUGHLY—take nozzle off the hose and water until the ground is completely saturated. Water thoroughly every other day for the first week or two.
3. After the ground is thoroughly saturated give the nursery stock a good soaking once or twice a week until December 15th.

FAILURE ON THE PART OF THE CUSTOMER TO MAINTAIN A PROPER WATERING SCHEDULE, CANCELS OUR GUARANTEE.

Nebraska Nurseries

✓ **APRICOT, Chinese.** Recommended for use as an ornamental tree because of its picturesque shape and colorful bloom.

5-6 feet\$3.00

BIRCH, Cutleaf Weeping. Cut leaf, white bark, weeping branches.

6-7 feet.....\$6.00 7-8 feet.....\$8.00

✓ **CRAB, Almey.** Unusually large blossoms of glistening red petals with white markings at the base of each, giving the effect of a five-pointed star. Usually blooms first or second year.

5-6 feet\$5.00

✓ **CRAB, Red Flowering Hopa.** Beautiful upright growing tree with attractive foliage. Entirely covered with crimson buds opening to rose colored flowers in April. Fruit red. See illustrated folder.

3-4 feet.....\$1.75 5-6 feet.....\$3.50

4-5 feet..... 2.50 6-8 feet..... 5.00

✓ **CRAB, Redvein.** Bark, leaves and fruit of this unusual variety are reddish green with a bronze cast. Flowers are deep pink.

3-4 feet.....\$1.75 4-5 feet.....\$2.50

DOGWOOD TREES

RED FLOWERING. Beautiful single, deep pink flowers give this well-shaped tree an unusual effect. Blooms in early spring. Must have shade . . . north side of house or under large trees.

2½-3 feet, B & B.....\$10.00

WHITE FLOWERING. The loveliest of all spring flowering trees. Its single white blossoms grown in the form of a cross . . . two long and two short petals. Wants shade, so should be planted on east or north side of house. Excellent for planting under large trees.

3-4 feet, B & B.....\$7.50

ELM American. The most universally planted tree.

1¼-1½ inch caliper.....\$5.00

1½-2 inch caliper..... 7.00

2 -2½ inch caliper..... 9.00

ELM, Buisman. Introduced by the United States Department of Agriculture in 1949. Immune from Dutch Elm disease and Phloem Necrosis. Slower growing than our American Elm. Only a few trees available.

1½-1¾ inch caliper.....\$10.00

ELM, Moline. A new pyramidal, vigorous growing elm, with large handsome green foliage. Being grafted, they run very uniform in shape and make excellent trees for street planting.

6-8 feet\$4.00

HONEYLOCUST, Thornless. Rapid growing tree, with delicate fernlike foliage of bright green.

6-8 feet.....\$5.00 8-10 feet.....\$7.00

LINDEN, American. A fine native tree, with large heart shaped leaves. Fragrant cream-white flowers in June.

8-10 feet\$7.00

SHADE and ORNAMENTAL TREES

LINDEN, Little-leaf European (Cordata). Small tree that develops a compact, low narrow head. One of the best of the lindens for street plantings.
2½-3 inch caliper, B & B.....\$25.00

LINDEN, Silver (Tomentosa). Leaves dark green above and silvery white beneath. Grows into a compact specimen.
4-5 feet\$3.00

MORaine LOCUST

Plant Patent No. 836

A round headed tree when young but tall and vase-shaped when older. Grows more rapidly than the common type of locust because of the absence of seed pods and thorns. This attribute, together with the small leaflets which mostly drift into the lawn between the blades of grass, makes little fall clean-up necessary. See illustrated folder.

7-8 feet, branched\$10.00
8-10 feet, 1¼ inch caliper..... 16.00

MAGNOLIA, Soulangeana. Most decorative and popular of the Hardy Magnolias, producing very large, rose-colored blooms just before the leaves come in the spring. The blooms measure from 4 to 5 inches across. Magnolias prefer north and east exposure where the ground will stay frozen as late as possible in the spring. See illustrated folder.

2½-3 feet, B & B...\$ 8.00 4-5 feet, B & B...\$15.00
3 -4 feet, B & B... 12.50 5-6 feet, B & B... 20.00
6 -7 feet, B & B..... 25.00

MAPLE, Blair (Grafted). A sturdy, compact type of the Soft Maple . . . habit of growth is more upright than its parent. Limbs are shorter and stronger, less subject to storm injury. Fast growing.
8-10 ft.\$7.00

MAPLE, Crimson King (Pat. 735). Improved Schwedler. Rich purple-red foliage. The tips of the branches or new growth are a glistening red all summer. Very slow growing and must have protection from south wind. See illustrated folder.
5-6 feet\$6.00

MAPLE, Ginnala (Multiple Stem). This small ornamental tree with its multiple stems and finely cut foliage is ideal for the low rambling modern and ranch house. Provides brilliant Indian Paint Brush colors after the first frost.
8-10 feet, 3, 4, 5 stem, B&B.....\$20.00

MAPLE, Schwedler. Purple-red leaves in the spring, shading to bronze by mid-summer.
7-8 feet\$ 6.50
1½-2 inch, B&B 17.50

MAPLE, Soft. The fastest growing and largest of the Maples.
6-8 feet.....\$3.50 8-10 feet.....\$5.50
1¼ inch caliper 7.00
1½ inch caliper 9.00

SHADE AND ORNAMENTAL TREES

(Continued)

MAPLE, Wier's Cutleaf. Very ornamental fast growing tree with graceful drooping limbs and cut leaf foliage.
5-6 feet\$3.50

OAK, Pin. See illustrated folder. Pin Oaks, the most majestic of all shade trees, are now available at the price of just ordinary trees. Records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm, and is one of the most enduring of all trees. These tall pyramidal shaped trees have rich green foliage which is deeply cut and colors to a glorious coppery red in the fall.

5-6 feet\$4.00 6-7 feet\$ 6.50
7-8 feet, heavy caliper..... 7.50
8-9 feet, Balled and Burlapped..... 12.00

OAK, Red. Growth habit is more open than that of the Pin Oak and its leathery dark green leaves are larger. Colors beautifully in the fall.

5-6 feet\$4.50 6-7 feet.....\$ 8.00
7-8 feet, Balled and Burlapped..... 12.00
1½-2 inch, Balled and Burlapped..... 15.00
2-2½ inch, Balled and Burlapped..... 20.00

PLUM, Double Flowering—Triloba. The same profusion of double pink flowers as the well-known Flowering Almond.

3-4 feet\$2.75

PLUM, Purple Leaf—Thundercloud. The darkest maroon red variety . . . foliage stays dark bronzy purple all summer. Single pink flowers in the spring.

4-5 feet\$2.75 5-6 feet.....\$3.50

POPLAR, Lombardy. Tall, slim pyramid, branching from the ground.

4-5 feet\$.75 5-6 feet.....\$1.00

REDBUD. Large shrub or small tree with pinkish lavender blooms completely covering the branches before the leaves appear.

2-3 feet\$1.50
3-4 feet, Multistem.....\$4.00

SYCAMORE. Large, handsome leaves. Smooth, light colored, almost creamy-white bark with age, gives tree a striking appearance.

6-8 feet\$4.00

WILLOW, Weeping Golden. Light green leaves, golden yellow bark.

3-4 feet\$1.00

LARGER SIZES OF EVERGREEN, ORNAMENTAL and SHADE TREES AVAILABLE—SELECT YOURS AT THE NURSERY.

HARDY GROUND COVERING PLANTS AND TRAILING SHRUBS AND VINES

BALTIC IVY. A most graceful vine with small glossy almost evergreen foliage. Perfectly hardy and a splendid vine on walls with north or east exposure, also an excellent ground cover.

Each\$.50

DWARF LACE PLANT (*Polygonum Reynowtria*). A new ground cover that wants full sun. Pale green foliage turns brilliant red in autumn. Buds of deep coral and salmon open to lacy sprays of pink flowers. Height from 4 to 8 inches.

Potted Plants\$.25

Large Clumps75

EUONYMUS, Coloratus. (Purple-leaf Wintercreeper). A trailing evergreen vine that can be used effectively as a ground cover or to train against wall or rocks in natural beauty. The foliage which is always good is at its height when in the autumn it takes on the rich colorings of red and bronze that are carried through the winter.

No. 1, Potted Plants.....\$1.50

EUONYMUS, Radicans. An excellent low semi-trailing shrub, fine in either shade or sun. Its habit is a bushy growth with small dark shiny green foliage. This vine may also be trimmed into small evergreen hedge or used as a ground cover.

No. 1, Potted Plants.....\$1.25

EUONYMUS, Radicans Vegetus. (Evergreen Bittersweet). A strong growing variety, with larger leaves than the above type, and producing bright orange-red berries.

No. 1, Potted Plants.....\$1.50

HONEYSUCKLE, Gold Flame or Hall's Japan.

See Climbing Vines Page 19.

JUNIPER, Andorra

See Page 5 (Young Aristocrats).

MAHONIA, REPENS (Creeping Holly). An evergreen ground cover with shiny large metallic looking leaves which turn a bronzy red in autumn.

Potted Plants\$.75

ROSES, Cl. New Dawn and White Dawn. Because of their natural prostrate habit of growth when not supported by a trellis, they make excellent everblooming bank covers. The glossy dark green foliage is retained until very late fall or early winter.

See Climbing Roses Page 6.

VINCA, Bowles Variety. A trailing evergreen type plant, used extensively for carpeting the ground under shrubs or trees or on graves, where it is too shady for grass or other plants.

No. 1, Potted Plants.....\$.50

PLANTING GUIDE

Your success with evergreens, shrubs, trees and roses depends largely upon proper planting, plenty of water and top dressings of well rotted barn yard manure or other recommended plant foods. Planting Guides are sent with each order of Nursery Stock.

Nebraska Nurseries

ORNAMENTAL SHRUBS

- ALMOND, Flowering.** Double pink flowers early spring.
2-3 feet, own root—branched.....\$1.75
- ALTHEA, Red, Pink, and White.** Upright growing, double hollyhock type flowers in red, pink, or white. Blooms in August.
2-3 feet.....\$1.25 18-24 inch.....\$1.00
- ALTHEA, SINGLE BLUE.** Same as above except that the blooms are single—resembling a Hollyhock.
2-3 feet\$1.50
- AZALEA, Gable's Hybrids.** These hybrids have better form and color than the original Japanese types, and are also much hardier. See Page 18 for the list of varieties available.
- BARBERRY, Green.** Red berries and coppery red foliage in the fall.
12-15 inch.....\$.60 15-18 inch.....\$.75
18-24 inch 1.00
- BARBERRY, Mentorensis.** Strong, upright growing branches and heavy thorns. The leathery foliage is a very dark green.
15-18 inch\$1.50
- BARBERRY, Red.** Planted in full sun, the leaves stay red all summer. See illustrated folder.
12-15 inch.....\$.90 15-18 inch.....\$1.00
- BEAUTY BUSH.** Large shrub with slender graceful arching branches covered with small delicate pink weigela-like flowers in May.
18-24 inch\$1.50
- BUTTERFLY BUSH, Pink and Dark Purple.** The lovely fragrant flowers are beautiful in the garden and fine for cutting. Perennial shrub.
Blooming Size Plants.....\$1.50
- COTONEASTER, Peking (Acutifolia).** Glossy dark green leaves and black fruit.
18-24 inch.....\$.75 2-3 feet.....\$.90
- COTONEASTER, Spreading (Divaricata).** Handsome shrub of vigorous spreading habit. Shiny dark green foliage . . . used extensively for floral arrangements. Inconspicuous pink flowers, but showy scarlet berries.
18-24 inch, Cloverset Pots\$4.00
- CRANBERRY BUSH.** Resembles Snowball, white flowers are followed by clusters of bright red berries. See illustrated folder.
18-24 inch\$1.50
- DOGWOOD, Bailey's Bright Red.** A recent introduction with brighter red bark.
18-24 inch\$1.50
- DOGWOOD, Bloodtwig.** Hardy, vigorous, upright shrub with bright red bark in winter.
18-24 inch\$1.25
- DOGWOOD, Goldentwig.** Same as above except the bark is a distinct yellow in the winter.
18-24 inch\$1.25

ORNAMENTAL SHRUBS, Continued

DOGWOOD, Pink and White Flowering.

See Ornamental Trees Page 10.

DOGWOOD, Variegated. Medium growing shrub with variegated white and green foliage, that can be used effectively in arrangements. Bark remains red in winter.

18-24 inch\$1.50

EUONYMUS, Alatus (Flame Euonymus). There is no shrub which will draw more attention in the fall than this compact cork-barked euonymus . . . the leaves turn a brilliant, coppery-crimson tinged rose. Easy to grow, thrives in full sun or partial shade.

15-18 inch\$2.00

EUONYMUS, American. Often called Strawberry bush. Upright growing shrub with pink fruit in the fall. Foliage colors beautifully in late autumn.

3-4 feet\$3.50

EUONYMUS, Patens. One of the most attractive of all shrubs. The bushy plants have glossy green foliage, brilliant coral red berries and stay green most of the winter. Excellent for north side plantings, but does equally well in the shrub border or used as a hedge.

12-15 inch\$1.50

18-24 inch, Balled and Burlapped..... 5.00

2-2½ feet, Balled and Burlapped..... 6.00

FORSYTHIA, Spring Glory. Enormous pale yellow flowers completely cover the branches before the leaves appear. See illustrated folder.

12-18 inch.....\$.75 2-3 feet.....\$1.50

18-24 inch..... 1.25 3-4 feet..... 2.00

GOLDEN VICARY. A most striking shrub, the thick leathery leaves are a rich golden yellow.

12-18 inch\$1.25

HONEYSUCKLE, Clavey's Dwarf. A new low-growing very compact honeysuckle. Small yellow flowers followed by the usual red berries.

18-24 inch\$1.75

HONEYSUCKLE, Pink Tatarian. Very hardy, vigorous, pink flowers followed with bright red fruit.

2-3 feet.....\$1.25 3-4 feet.....\$1.75

HONEYSUCKLE, Zabel's. A tall upright growing bush covered with bright red flowers in early spring, followed with deep red berries.

18-24 inch.....\$1.00 2-3 feet.....\$1.25

HYDRANGEA A. G. Large flat heads of double snow-white flowers. Likes shade.

18-24 inch.....\$1.50 2-3 feet.....\$1.75

HYDRANGEA P. G. Late flowering, turns delicate pink and buff. Can be used for winter bouquets.

18-24 inch.....\$1.50 2-3 feet\$1.75

HYPERICUM, Goldflower. Hardy shrub with large bright yellow flowers in July and August.

No. 1, Potted Plants.....\$1.50

JUNE BERRY (Downy Shadow). Fruit of the Juneberry resembles the blueberry although the bush will grow almost anywhere. Glossy green leaves make it an attractive shrub for landscape use. Fruit is good for jam, jelly and pies. Plant at least two to insure fruit.

18-24 inch\$1.50

ORNAMENTAL SHRUBS, Continued

LILAC, Persian Purple. Sometimes called Chinese Lilac. Various shades of lavender and purple blossoms literally cover the compact plants in May. This Lilac does not spread away from the plant as the old-fashioned Lilac does. See illustrated folder.

18-24 inch.....\$.90 2-3 feet.....\$1.00
3-4 feet 1.35

LILAC, French—Chas. Joly. Double florets of darkest red purple—usually bloom the second year.

2-3 feet\$3.00

LILAC, French—Souv. de Ludwig Spaeth. Single florets of darkest blue purple—usually bloom second year.

2-3 feet\$3.00

MAHONIA (Oregon Holly-grape). An evergreen shrub with shiny large, spiny, metallic looking leaves which turn a bronzy red in autumn. In spring the clusters of yellow flowers are very attractive and are followed by blue fruit in June and July. Does not mind shade and has very ornamental foliage for cutting.

15-18 inch\$3.00

MOCKORANGE, Snowflake (Pat. 538). The new, very double mockorange. Blooms very profusely during June and July. Plant Snowflake as a specimen, a screen or as a tall border. See illustrated folder.

2-3 feet.....\$1.75

MOCKORANGE Virginal. Semi-double fragrant flowers almost two inches in diameter. Repeats several times during the summer and fall.

18-24 inch.....\$1.50 2-3 feet.....\$1.75

POTENTILLA, Gold Drop. Small shrub with fern-like leaves and intensely brilliant golden yellow, Buttercup-like flowers from early June until October.

15-18 inch\$1.50

PUSSY WILLOW. Large shrub or small bushy tree with soft pearl gray catkins before the leaves appear.

18-24 inch, potted plants\$1.00

PYRACANTHA, Gibb's (Firethorn). A most remarkable fruiting evergreen shrub. Bears attractive large trusses of white flowers during the late spring followed by brilliant orange-scarlet berries.

18-24 inch, Potted plants.....\$2.00

3-4 feet, Potted plants..... 4.00

QUINCE, Red Flowering. Sure to bloom, grown from blooming wood only.

18-24 inch.....\$1.75

PICTURESQUE FRUIT TREE

Oftentimes a picturesque fruit tree is a beautiful addition to the landscape. The bloom in spring adds a cheering sight. Many fruit trees grow in interesting shapes and it's fun to have both beauty and fruit from them.

CRIMSON BEAUTY QUINCE

The most brilliant early blooming spring shrub . . . large, double two-inch brilliant scarlet blossoms that don't fade. This outstanding new variety blooms over a much longer period. The leathery dark green foliage and neat upright habit of growth, which requires no pruning, makes this an ideal shrub for either foundation or shrub border.

18-24 inch.....\$2.75 2½-3 feet.....\$3.50

ROSES, Shrub

Pink Grootendorst—pink

Red Grootendorst—red

Sir Thomas Lipton—white

See Page 8 for descriptions and prices.

RUSSIAN OLIVE. Shrub type, multistem plants. Thick, silvery green leaves—used for screening or background planting.

2-3 feet\$1.00

SHEPHERDIA (Silver Buffaloberry). Hardy shrub or small ornamental tree with silvery foliage. Small yellowish flowers in May and June.

18-24 inch\$1.25

SNOWBALL. White flowers, early spring.

18-24 inch\$1.50

SPIREA, Anthony Waterer. Clusters of red flowers, in bloom all summer. Keep the spent blooms cut.

15-18 inch\$1.25

SPIREA, Arguta. Delicate light green leaves and single white flowers early spring.

18-24 inch.....\$1.10 2-3 feet.....\$1.50

SPIREA, Blue Mist. A low growing perennial shrub that is covered with powdery blue, fringed flowers during August and September. Foliage is silvery-green. See illustrated folder.

Blooming Size Plants.....\$1.25

SPIREA, Dwarf Ninebark. Dense growing shrub with attractive foliage, white flowers and small red pods.

12-18 inch.....\$1.00 18-24 inch.....\$1.25

SPIREA, Froebel. Clusters of rose-red flowers all summer . . . keep the spent blooms cut. Foliage colors beautifully in the fall.

15-18 inch.....\$.75 18-24 inch.....\$1.00

SPIREA, Prunifolia (Double Bridal Wreath). More strikingly beautiful than the single type . . . florets are very double, completely covering the plants.

18-24 inch\$1.25

SPIREA, Sorbifolia. Very attractive foliage all summer. Produce large, fluffy heads of white flowers in June and July.

18-24 inch\$1.75

SPIREA, Van Houtte. The most popular of all the Spireas. Arching branches covered with white blossoms in spring.

2-3 feet 1.00

ORNAMENTAL SHRUBS, Continued

- VIBURNUM, Dentatum** (Arrow Wood). Attractive foliage—bluish-black fruit.
18-24 inch\$1.25
- VIBERNUM, Lantana** (Wayfaring tree). Bold, striking, fall color. Fruits red then black.
18-24 inch\$1.50
- VITEX (Chaste Tree)**. A graceful shrub with attractive spikes of lavender-blue flowers, blooms profusely from July until frost.
Blooming Size Plants.....\$1.50
- WEIGELA, Bristol Ruby (Pat. 492)** Most outstanding new red flowering shrub. Soft-ruby-red flowers deepening to garnet-crimson. Blooms profusely during spring and early summer and repeats in late summer and early fall. See illustrated folder.
18-24 inch.....\$1.75 2-3 feet.....\$2.00
- WEIGELA, Newport Red**. Another new ruby-red Weigela, recommended for its hardiness.
18-24 inch\$1.75

GABLE'S HYBRID AZALEAS

These hybrids have better form and color than the original Japanese types, and are also much hardier.

- BOUDOIR**. Large watermelon-pink blooms.
8 to 10 inch, B&B.....\$4.00
- CORSAGE**. Large orchid blooms.
12 to 15 inch, B&B.....\$5.00
- HERBERT**. Dark crimson-purple.
12 to 15 inch, B&B.....\$4.50
- LA ROCHE**. Very early, magenta-red.
12 to 15 inch, B&B.....\$4.50
- ROSE GREELEY**. White with faint trace of yellow in the throat.
12 to 15 inch, B&B.....\$4.00
- ROYALTY**. Double bright purple flowers.
10 to 12 inch, B&B.....\$4.00
- SUSAN**. Single, salmon-pink. One of the hardiest—very late.
12 to 15 inch, B&B.....\$4.50

FLORIBUNDAS IN YOUR GARDEN

Floribundas are truly "Roses for Everybody's Garden" . . . hardy, easy to grow and bloom from June until heavy frost. Every gardener wants as many flowers as possible for the least amount of care. Floribundas will make your garden more colorful, more attractive . . . the envy of all your friends and neighbors. See Page 6 for descriptions of twenty-one outstanding varieties.

HEDGES—LIVING FENCES

- BARBERRY, Green.** Red berries and coppery red foliage in the fall.
12-18 inch hedging.....Per 50, \$12.50
- BARBERRY, Red.** Planted in full sun, the leaves stay red all summer. See illustrated folder.
18-24 inch hedging.....Per 25, \$17.50
- HONEYSUCKLE, Goldflame.** Makes a novel and attractive hedge when planted in rows and kept sheared . . . blooms all summer.
See Climbing Vines on this page.
- HONEYSUCKLE, Red Tatarian.** Very hardy, vigorous, pink flowers following with bright red fruit.
18-24 inch hedging.....Per 25, \$10.00
- LILAC, Persian.** The most satisfactory fast-growing hedge. Can be left to grow informally or trimmed and boxed.
12-18 inch hedging.....Per 25, \$17.50
18-24 inch hedging.....Per 25, 20.00
- PRIVET, Amur River.** For small formal boxed hedges, plant them six inches apart in a single row, and keep sheared.
12-18 inchPer 100, \$25.00
- ROSES, Floribunda and Shrub Roses.** Fast becoming the most popular hedges—everblooming—easily cared for. See Roses Pages 6 and 8.
- SPIREA, Van Houtte.** The most popular of all the Spireas. Arching branches covered with white blossoms in spring.
18-24 inch hedging.....Per 25, \$10.00

CLIMBING VINES

See Page 13 for Hardy Ground Covering Plants and Trailing Shrubs and Vines, also Page 6 for Climbing Roses.

- BOSTON IVY.** The best vine for walls, as it clings to any surface without support. Foliage colors beautifully in the fall.
No. 1, potted plants\$1.00
- CLEMATIS, Henryi.** Flowers are much larger than Jackmani and a pure white.
No. 1, Blooming size potted plants\$1.50
- CLEMATIS, Jackmani.** When this vine is in full flower it is a solid mass of royal purple. See illustrated folder.
No. 1, Blooming size potted plants\$1.25
- CLEMATIS, Paniculata** (Sweet Autumn Clematis). The most satisfactory, hardy climbing Clematis. A strong grower, it is completely covered with small, pure white, fragrant flowers in late summer and early fall.
No. 1, Blooming size potted plants\$1.25
- CLEMATIS, Ramona.** Delicate pale blue flowers with more petals than Jackmani.
No. 1, Blooming size potted plants\$1.50
- HONEYSUCKLE, Goldflame.** Immense, showy clusters of trumpet-shaped buds and fragrant blooms. The outside of the petals is brilliant flame-pink, the inside a creamy golden yellow. Dark glossy foliage adds to its charm. Blooms from early spring until heavy frost.
No. 1, Blooming size potted plants\$1.50
- SILVER LACE VINE.** The fastest growing vine under cultivation. Will grow 25 to 30 feet first year. Feathery white blooms in August.
No. 1, Blooming size potted plants\$1.50

Nebraska Nurseries

PINKETTE. Large florets of soft, delicate pure pink.

R. P. STRUTHERS. Brilliant coral-red.

Each.....\$.50 10 for \$4.50

THIS BUSINESS OF OURS

"We do not live by bread alone" may well be applied to the nursery business. Each year when it comes time to prepare and mail our new list, we are again reminded of the purpose we serve—that of adding beauty and meaning to the lives of our fellow men.

While modern science works overtime producing gadgets and equipment to make our living easy and convenient, all these modern things do not, cannot satisfy our craving and need for the simple loveliness of living plants. In gardening there is a haven from the mad rush of our modern way of life.

"It's not a home until it's planted." Landscaping immediately gives life, warmth, and character to the plainest dwelling or the most dramatic commercial structure. It is impossible to imagine how uninteresting and drab would be our homes, our streets and our cities without plantings.

Nebraska Nurseries

SUMMER AND FALL APPLES

✓ **ANOKA.** The earliest bearing variety—always produces some third year. Fruit large and well colored.

✓ **LODI.** Improved Yellow Transparent. Early and annual bearer. Pale waxen-yellow fruit ripens by August 1.

✓ **RED DUCHESS.** Excellent for pies and sauce, ripens in August.

✓ **WEALTHY.** Fruit large, splendid for either eating or cooking.
Two-year specimens, heavy caliper.....\$1.75

WINTER APPLES

✓ **DARK RED JONATHAN.** An improved strain, dark red all-over and colors earlier in the fall. Same unbeatable Jonathan flavor.

✓ **HARALSON.** Recommended by the College of Agriculture for planting anywhere in the State of Nebraska. Colors similar to Wealthy.

✓ **RED DELICIOUS.** Bright red, juicy fruit, excellent keeping qualities.

✓ **YELLOW DELICIOUS.** Bears young and fruit is of splendid quality. Fruit is similar to Grimes in color and flavor.
Two-year specimens, heavy caliper.....\$1.75

APRICOTS

✓ **CHINESE.** The hardiest of the Apricots—extensively used as an ornamental tree because of its picturesque shape and beautiful bright pink bloom.
Two-year specimens, heavy caliper.....\$3.00

CHERRY

✓ **EARLY RICHMOND.** Bright red, early and a good pie cherry.

✓ **MONTMORENCY.** Large red fruit, ripening ten days later than Early Richmond. The most popular all-purpose variety.
Two-year specimens, heavy caliper.....\$2.50

PEACH

✓ **ELBERTA.** Firm yellow flesh, luscious flavor. Bears young and yields abundantly.

✓ **POLLY.** Free-stone, white flesh, firm but very juicy. A consistent heavy yielder.

✓ **RED HAVEN.** A luscious beauty—real early, yellow meated, almost solid red.
Two-year specimens, heavy caliper.....\$2.00

PEAR

✓ **BARTLETT.** The well known summer pear, golden yellow and excellent flavor.

✓ **DOUGLAS.** Best bearer of any known pear and practically immune to blight. Ripens early fall, golden yellow flushed pink. Bears very early.
Two-year specimens, heavy caliper.....\$2.50

PLUMS

- **MONITOR.** The largest red plum—the firm yellow flesh is unusually sweet and juicy. Prolific bearer and very hardy.
- **REDCOAT.** A perfect freestone—one of the best of the Minnesota developments. The bright crimson fruit has excellent flavor.
- **STANLEY PRUNE.** Newest and best of the prune plums . . . often bears the third year. Skin is purple-blue, flesh is yellow. Freestone.
- **WANETA.** The fruit is of immense size, deep bright red color. One of the most productive of any Plum that grows. Tree bears very young.
- Two-year specimens, heavy caliper\$2.50
